

COMMUNITY FORECLOSURE COALITION

JACKSON, LENAWEE & HILLSDALE

Supporting Partners

As of 3-16-10

Since the coalition's inception in late July, 2009, the number of partners supporting our work has grown to over 55 organizations and the list *continues* to grow. Our goal is to create a strong, comprehensive network of nonprofits (housing and legal service counseling agencies, human service organizations, schools, churches) economic and community development agencies, for-profit businesses (lenders, title companies, real estate professionals, local businesses, major employers) local units of government and the media. To date, we have engaged the support of the following individuals and organizations in the initial work of getting the word out about what people need to *know* and *do* to prevent foreclosure as well as what resources are available to help in the process.
